The origins of DL PROMOTION can trace its roots in a event and film industry. Following we have moved towards the advertisement and commercial business.

DL PROMOTION specializes in the production of feature and advertising movies both in Poland, Europe

DL PROMOTION enjoys a completely independent film equipment facilities and services. This allows us to optimise the production budgets going beyond the serves of other houses.

Our combined experience in advertising, show business, film production and talent management makes us uniquely positioned to deliver a broad range of services including: short documentaries, commercial video, dynamic social media video, animations, fair trade presentations and talent acquisition.

DL PROMOTION being the fully independent production house offers end-to-end production services. within our production hub. The client stays with us throughout the entire process starting from the pre-production, production and post-production stages.

We owe fully operational and independent production machine park located in diverse locations but easily movable to any place in the Europe where shooting happens.
